

## **Responsible Use of Artificial Intelligence (AI)**

The Northern Cincinnati Foundation may use artificial intelligence (AI) tools to improve efficiency, support communications, and enhance our service to donors, nonprofits, and the wider community.

Any content created with AI assistance is reviewed by Foundation staff; AI is used to support, not replace, human judgment and decision-making.

To protect privacy and maintain trust, confidential, donor, or financial information is not entered into public AI tools.

We are committed to using AI responsibly and in a manner consistent with our values of stewardship, transparency, and community impact.
